

Oil prices have plunged to \$45 a barrel. Saudis need \$100 to balance their budget.

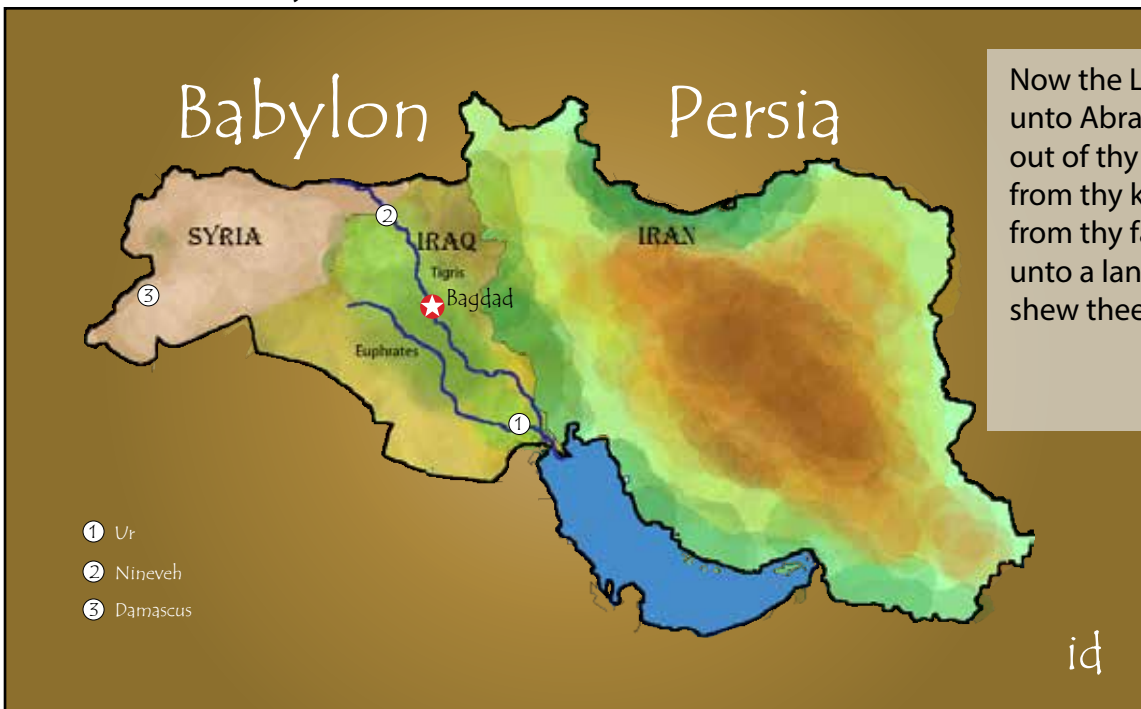

*Without the discovery of oil, the House of Saud would be unknown. Iran is Shiite. Iraq and Saudi Arabia are Sunni. Wahhabism is an extreme version of Sunniism. The 9/11 terrorists were born out of the sands of Saudi Arabia and claims they alone are the true followers of Islam. ISIS would like to replace the House of Saud (which they see as worldly) and establish a Caliphate in the land of the Black Stone.*

Saudi Arabia is building a fence and mote on its northern border with Iraq and on its southern border with Yemen. The Yemen government collapsed this week and King Abdulla of Saudi Arabia has died. Iran has been supporting Hezbollah in Palestine and in Yemen and is a hair's breadth away from having an Atomic Bomb. The Israeli Prime Minister has been invited to speak to a joint session of Congress. Stay Tuned.

**Update** U.S. is about to sign an agreement with Israel's arch enemy and has released Information on Israel's Top Secret nuclear program. The U.S. embassy in Yemen has been evacuated and the Saudis are bombing ISIS (Sunni vs. Shia) on their border. Stay Tuned.
